

## Jorja's Twisted Wrap

Supplies:

- Reversible fabric - 22" x 58"

Instructions:

1. With public side of fabric face down, fold A1 to A2 so that public side of the fabric is folded to the outside.

2. Mark the lower right hand corner of the top layer of the folded fabric as B1 and the upper right hand corner as C1.
3. Mark a point (B2) along the top edge of the bottom layer of fabric that is the same distance from the upper right hand corner as the width of the fabric (22" in our example)
4. Mark the upper right hand corner of the bottom layer as C2.

5. Take hold of the upper layer of fabric at the B1 corner and fold diagonally to the left and top of the fabric, matching B1 to B2; pin in place gently pushing the middle layer of fabric down and out of the way.
6. Pin C1 to C2 along the upper edge.

## Jorja's Twisted Wrap

7. Stitch a  $\frac{3}{8}$ " seam from the B points to the C points (orange dotted line in diagram below).

8. Finish the raw edges as desired (e.g., serged edge or narrow rolled hem)
9. Turn the seam to the inside, creating a neck opening at the top and positioning the point centered over your derriere. The front of the wrap will have a crossover twist,
10. Have fun experimenting with different ways to wear your new wrap.
